“ I did not realize that Barb passed away last year. I'm so sorry for your loss. Barbie and I worked, and sang together at work, for several years at Dupont in screens. I thought the world of Barbie. She was a fun and kind person. She will be missed by many.

“ *Nelson and I were so sorry to see of Barb's passing. I really got to know her smile and positive personality when working with her at TACO. She loved to attend the plays at Winding River Players and always wanted the back row. She will be in our hearts. May the family find peace and keep her memory close to their hearts.*

“ I worked with Barbie for 14 years in the X-Ray Screen area at DuPont. She was a lot of fun and very spunky. She sat next to me polishing screens while I was in labor with my 2nd child and asked me if I was alright. Another time a spider descended down between us I froze she just grabbed the web and took care of it. Last time I saw her she came to my mother's estate sale in the fall of 2021, she hadn't change a bit. Heartfelt thought and prayers to the Family!

“ I met Barb as I volunteered at Rainbows End. What a beautiful lady she was and found out we shared the same day for our Birthday February 18! Made a special connection for us. Also knew she loved seashells when I moved to Florida I sent her pounds of shells I collected on the beach for her. Collecting shells won't be as much fun now because I don't have my special friend to send them to!
