“ *My Deepest Sympathies and Prayers to all of the Families. I worked with Betty for about 10 years. She got there before anyone and baked & cooked all day went home & walked 8 Miles. I don't think she ever took a break and one day when we were leaving she was backing up and had a cigarette in her hand I told her I didn't know she smoked she she never did at work Just one while she driving home. She was amazing . She's been missed at the Restaurant & I know she will always be missed by anyone that knew her. I know she missed Max and her son so I hope they're to greet her. She was always proud of her Family and talked about all of you a lot. I hope the memories will ease your loss.*
