“ Carole was one of the most interesting people that I have ever been blessed to meet. I am a different person from knowing and loving Carole. For 10 years Carole drove me crazy but she knew that I would always be there for her when she needed me to be. I will miss her and our talks. I hope that you are finally at peace and can breathe again.

To Sherrie, Sandy, and John-Carole loved you all so much. She told me often how much she loved you. I hope that you find peace in her passing.

Carole will you always be in my heart. Until we meet again someday my friend.

“ I came to know Carole through Guardian Home Health Care while working as a C.N.A. What started out as a position as caregiver became a friendship over time and Carole will be sorely missed. She had a quick wit and could converse about anything. I enjoyed the many excursions out and about. When out shopping we always had to stop to get Swedish fish and Tootsie pops which were favorite treats of hers and J.C.Penny's was always a must do . It was only a little over a year I knew Carole and there were many ups and downs with her health issues but she always rallied and was looking forward to the next day. Again Carole, you will be missed, hoping your in a better place with no more pain. Thanks for being a friend of mine. Sincerely, Robert Sutcliffe

“ Carole loved color and jewelry, saying "a woman without jewels is like a night without stars." We always said she wouldn't answer the door if she wasn't color coordinated for the day. She was the most artistic and creative person we ever knew, making original crocheted creations without a pattern, and painting like a professional. She was a very unique person, and we will certainly miss her. Jerry, Teresa & Amber Forbes
