“ Cecil and I were married for almost 40 years (unless he divorced me without my knowledge). Even though we had not spoken or seen each other for 20 years it's unfortunate that those who put his obituary together failed to mention me at all. I have fond memories of our years together, even before our marriage, and wish things could have ended better between us. He ended in PA where he felt he belonged and I stayed in FL where I belonged. My prayers and condolences go out to his siblings, children and grandchildren.
