“ Although it has been decades since I last saw Chuck (I always called him "Chuckie" when I was a little kid), I was sad to hear of his passing. I pray for hope, peace, love and light for the family and may you hold your favorite memories of him close to your hearts. God bless you all during this difficult time.

Sorry to bother you but I was just curious if there was anyway you could reach out to me so we could talk? I'm Chucks daughter.

I had a closer relationship with Chuck as he chose to live with my Mom and care for her; she grieves daily throughout the day. We often told me he wished I was his daughter. It was unfortunate he rarely had contact with his own family. Chuck treated my girls as his own grandchildren and they called him "Poppy Chuck." We saw him a couple weeks prior and he was napping on the couch. We all miss seeing him. It has been hard for us all and it saddens me he died so early on. May god bless you all.

“ *You left us way to soon. There is so much I have wanted to say but now is to late. You will always be with me no matter what! I love and miss you Dad!*
