“ Please forgive me for not responding sooner. Lost for words or in a fog maybe. Connie and I were high school classmates and we are even distant cousins as her grandmother was as I recall Stela Robinson I got to know her better as a dear friend in more recent years from class reunion meetings. We. will miss her infectious delightful laugh. It was always a pleasure to be in her presence; A hard thing to let go of that. You dear family and all that knew her have been blessed.. Prayers for you with sincere condolence .

“ Kay, Tina and families, I'm so sorry to hear of your moms passing, always had fond memories of her and enjoyed her hugs when she shopped at JCP. I think my most vivid memory was from when I was small and was choking on a life saver in their store, and she poured hot coffee down me to melt it. Lol I survived so it must have worked. Cherish the memories always
