“ Donna always said she was my first best friend. My oldest sister you will be missed every time the phone rings I will think of you and all the years we spent talking to each other on the phone. Some things you may not know about Donna she made me smoke a cigarette so if she got in trouble I would too!! I was 13 she was 15. She always drank coffee and most of the time when I went to visit that's what she offered me, that's how I acquired my coffee habit. She loved Dr. Pepper and so did I over the years I've tried many different soda's but always go back to Dr. Pepper. Dr. Pepper reminds me of Donna. We talked a lot and laughed a lot and I always said Donna you're crazy she would say I know I have papers to prove it...LOL
