“ Dear Cousins,
I have many fond memories of your mom. I always admired her poise and grace. Always a smile for everyone. At Christmas, her card would be one of the first I received, right up until last Christmas! My love and prayers are with all of you as you carry on without her. It won't be easy, but she has left you with wonderful examples for living. God Bless!

“ It was a blessing to take care of your mom and dad by mowing and putting in air conditioners and what ever else she wanted done, she always put a smile on my face when she would call back and say that I missed some weeds. I will think of her every day. Sorry again
