“ He was the best grandfather a girl could have ❤️ he did everything for me even when he couldn't he would find a way to make sure I was happy. When our pool was down by his place, and my eyes would hurt from the chlorine, he would put eye drops in for me every time. We would sit and eat and just bullshit about everything and anything. I would go into the barn and watch him do whatever he was doing whether it was watching him with his animals or fixing something. He used to get me so many animals and take care of them for me. He would give me rides to the stores and we would just laugh from stupid stuff. No matter if I was sad, or mad he was there for me through it all. He would watch me ride fourwheeler through the yard and out into the woods but wouldn't get on with me lol he always had something smart to say lol he loved Maddie and Miley so much he loved seeing them. And for an old man he had a hard punch when he punched me in the arm for messing around with him lol when I was little, even when I was older, I went and knocked on his camper and no matter what he was doing he would drop it to let me in. He was truly like another father figure in my life. All of the jokes, the advice and every memory we have ever had I will NEVER forget. Ever. But I know he will be my guardian angel and guide me through life. I'm really really going to miss you so much, say hi to grandma and uncle brub for me. Until we meet again ❤️ love your granddaughter mindy
