“ Dear Bette & family,

We were very sad to hear about Frank's passing. I know you had many good years together and he'll be missed greatly.

I think of you and Frank often for your generous picture window that you graciously gave to us many years ago. It's in our breakfast nook and we look out of it every day.

I often think about my many visits to your home when I was a caseworker many moons ago. It was always a pleasure interacting with you folks.

Please know that our thoughts and prayers are with you and your family at this time.

*Many blessings and our sincerist condolences to your family,
