“ Jim...what a man! He brought joy to all who knew him. I never saw a bad side of Jim. He never lost his temper, and took everything with a smile. He loved His Lord Jesus and loved to play his harmonica for Him and us that were around to listen. Jim always had time to spend with children, even when he worked long hard work hours at the different plants in the area. I remember spending nights with their daughter Amy. Her Dad Jim would make us a treasure hunt game. He made clue cards that we followed around the house....I don't know what the end prize was...but I know the time he spent with us was more than any reward. Last time Jim was a music practice next to me...he had me smiling with laughter. As He kept cracking jokes to me me laugh. He was a true joy to know. He will be missed by us all. Thank God I had the pleasure to know and love....my Brother in Christ Jim!

“ In Loving Memory Rip My Father James Johnson- January 8th 1943-March 30th 2024 .

One of the most important things a father can do for his children is to love their mother and that is one thing that you have been a constant in over all of the years unconditional love to mom. You have represented exactly the way a husband should always treat his wife with love and care. Dad you have been one of the biggest blessings that God could have ever given me. The love and patience that you have shown over all of the years is such an amazing trait your kindness, caring, calm, silliness is part of what makes you so unique. You represent the strength of the mountains. Your work ethic was outstanding, you have always been there for everyone around you and there is a very special place in heaven for people like you. You have finally made it there. When I think of you I'm overwhelmed with such pride an Love to have had my life graced by you. You have always been so strong, faithful, hardworking, dependable, loving constant part of my daily life. Daddy you are my Hero in so many ways .I couldn't have hand picked a better father if I tried but God knew best and gifted me you! .When God made You he knew he hit near perfection so he had to make two and sent us his TWIN uncle Joe. Please never forget to appreciate each other every day. Never regret what you could have done while you still have them give them all the love and support you can one day all you will have left is their empty rocking chair and the memories that you shared.
