“ I'm James Michael Vanderpool I was named after my grandfather and father. I am the oldest of the many grandchildren in our family. I have alot of memories with my grandpa when I was young. I remember the first Kenny Roger's song I ever heard. My grandfather put up with my singing coward of the county that poor man... lol no matter what I asked for I received. My first bicycle he came down to our house every day and road in circles on his motorcycle till finally I learned how to ride it..but through my younger years I remember him letting me ride his dirt bikes and other toys something I'll never forget.. He was a caring man would help anyone he could sell snow to an Eskimo lol he could fix anything that was in front of him.. as the years past we didn't see each other much but when we did there was always love... family meant alot even in bad times..I remember the message my aunt Bonnie sent me at 5 am Saturday morning I just got out of the shower at work. That was not the message I wanted.. I know he's no longer with us but I don't wanna accept it yet hopefully this will help bring closure.. but no matter where you are 8grandpa I will always love and miss you
