“ *My beautiful, watchful and protective big sister - how I will miss you and our hilarious talks! You were my confidant and best friend throughout good times and bad. I could call you in a down mood and before our talk was completed, we were both laughing hysterically! My heart is broken but I will always love you my dear sister - until we meet again - smile!*

“ I'll miss just being able to stop by and talk about everything under the sun. This isn't goodbye, this is "see ya later".
