“ P. J.---- as we all knew her will be greatly missed. Her family meant "the world" to her and although her way of doing things when we were raising our children were not "my way", she made Wentzel and their children happy with "her ways". I hope she handed down that "devil may care attitude" to her children and grands. Am I saying it right?

P. J. loved life and loved living it to the "minute". As we grow older, we realize that happy streak of P. J.s is just what the Doctor ordered for all of us. I hope you all take time out from your busy lives to relax and follow her "devil may care" way of life occasionally and when you do, tell her this one is for you Patty Jean; it's probably just what the Doctor would order. My prayers are with P. J.'s family as they have to come to terms with this loss in their lives. I truly believe that if you want to talk to her, you can. Somehow, she will give you the answer. Love you all. Aunt Betty and Uncle Dick

“ So sorry for your family loss. She was a wonderful lady, I'm blessed to have met her and dined with her and Susan at the Chinese restaurant. Our thoughts are with you, praying for you all.

“ PJ's beautiful smile and amazing personality is now being displayed in the very presence of her beloved Jesus. Our lives may be a little darker at this moment without her, but heaven is surely a little brighter eternally because of her presence. Thanking God and PJ for all the memories she left with us, and praying for Wentzel and her family to have the peace she shared with regularity. Condolences to the family and friends, she loved so dearly.

“ I have so many fond memories of Mrs. Briar. She was always so kind to me when I stayed at their house so many days during my childhood. She never hesitated to invite me for dinner and stay over. I remember eating steak with salad dressing. Gabby and I were great friends and she often included me in their family trips. Thinking about you all. God Bless ❤️🙏
