“ Thinking of you during this difficult time and wishing you many peace filled memories.

*I have so many good memories especially all the reunions we had at our farm and all the parties and things we had up their at the pond. I always loved to see everyone come and we had so much fun. I especially remember the summer and fall I spent with you watching you kids and helping Aunt Dick out because she needed help. She was always in the gardens and crocheting. What a joy it all was. Wishing you peace and comfort. Love Doris and Dave*

“ I had the great pleasure to have worked with Pauline at what was then Osram Sylvania in the X-Ray Fluorescence Laboratory. She was a shirttail relative of my wife, via Geraldine Weisbrod. We got along famously and I will forever remember her fondly.
