“ Son,
I will forever miss our texting. I've saved some of our text because they made me smile. On Oct 22nd you texted me and told me you had never been happier and you were doing so good. You were thinking about taking up some more college classes and possibly switching careers. You were always such a great provider. Also in that text you said ...I miss you mom and I love you. I told you I miss and love you son. I had planned to fly down in February And surprise you. Our most recent text I was just checking to see how you were doing. You were so proud of the Christmas gifts you had gotten Lys. You loved doing things for your family. You were proud to provide for them. Thank you so much for loving my daughter and all of your children. Be at peace.

Love you,
Ma

“ *Shane was hilarious, always joking around, laughing, and he loved his wife and kids. He was very proud of his family. Shane would go to the extreme to help someone out without complaining and work 1000 hours a week if he could to provide for his family. You will be missed.*
