“ I didn't know Sheila well - just from riding the school bus. I do know that she was part of a very special family. They were all raised by very special parents.

“ My Nana was the sweetest, most caring woman I've ever met. She supported me with what ever decisions I made in life and was always my loudest cheerleader. I dedicated my life to caring for her like she did for me all those years and I'm so glad I was able to be the one to do so. The time we spent together arguing or laughing will forever be in my heart. My children spent almost every day of their life being spoiled by their nana and I'm forever grateful they were able to have that relationship with her. Everyone that knew her knows that her family meant everything to her. She will forever be missed and never forgotten.
