“ I shared a room with Barney at the Fish Commission's Stackhouse training school in 1969. We spent a lot of time fishing the fly fishing area next to the school. Barney could tie a good fly and knew how to use it. Hunted deer with him at his Dad's place near Tunkhannock. Was always impressed with his knowledge of the outdoors and with his story telling abilities. There are no magic words to ease the pain of losing Barney, but if we close our eyes and concentrate hard enough, we can always hear his voice and see him as he was. Such memories will always be available. My sincere condolences to all of Barney's family. If there is a happy hunting ground, he's surely there.

“ We have only known Barney for a little over a year. What a gentleman! He was very proud of their garden and flowers and keeping his yard in tip top shape. Every time he would start to mow his lawn that was my reminder to get out there on my mower and mower! I have had a lot of neighbors in my life time but none better than Barney and Bev. I will miss him a lot but to know he is free of pain and with his Lord and savior is the best news of all. May God bless Bev and the family in these difficult times. Mel and Brenda Wingier

“ I will always remember your kindness when we road together every work day from Tunkhannock to Towanda. You would make my baby girl giggle and make me laugh out loud at your j never ending jokes. Made the trip back and forth to our work places...you at GTE and me at the radio station...a fun filled journey. May this new journey bring you peace.

“ We live in Old Forge but frequent our hunting property in Rome, Pa. It was a ritual to stop and see Barney and talk about hunting or fishing. He was full of knowledge about anything outdoors and was always willing to let you know it. Every year after the opening day of deer season, Barney be waiting in his driveway for us and always uttered these words - “ what ya get”? Sure gonna miss that. He’s at peace now, no more pain, suffering or hospitals. Keep an eye on us Barney from that beautiful treestand in heaven. You’ll be missed. RIP.

“ *Mr. Barney was the best. He will be sorely missed. I will never forget when he taught me how to tie flies and make lures. It was so interesting and fun...and he managed to teach it all to me in a matter of one evening, and that is a feat worthy of recognition! Let's just say i don't have a very long attention span in most cases. :)*

I'd gone up to see Jenni when she'd been sick or was recovering from surgery...i honestly can't remember which. Bev and Barney immediately made me fee welcomed and invited me to stay for dinner and visit with Jenni. I asked Mr. Barney about his set up and he immediately pulled out his supplies and explained what everything was...in a way that made me want to hear it all. Then he proceeded to let me try it myself and taught me how to do it correctly... cause i had totally messed it up. He was patient and kind. I love him like family. Maybe more than some of my family. :) I love all of them.. Bev, Jenni, Susie and Mr. Barney.. they are one of those rare families that have always had wonderful values and always treat ppl the way they would want to be treated.

My sympathies to the family. I know Mr. Barney was ill for a long time and on that note i am glad that he no longer has to suffer. Still, it seems like he wasn't here for as long as he should have been...as he was one of the good ones.

We will all miss you dearly Mr. Barney. May you Rest In Peace.

XOXO
